# DATASHEET

## N2GEN

NITROGEN GENERATOR

**MODEL: NIGEN-0220V-2439**

## **APPLICATION**

EV PROTEC Nitrogen generator is a machine that can separate nitrogen molecules from compressed air. These nitrogen gas generators or N2 generators are capable of purities of up to 99.999% at flow are required for your daily requirement.

## **PRODUCT INFORMATION**

<b>DESCRIPTION</b>	<b>VALUE</b>
Power Supply	AC
Voltage	220V
Size	71*44*138
Colour	Red
Measure Range	0-6kGCM <sup>2</sup> -95PSI
Output Pressure	06-09 MPA
Material	Iron
Net Weight	55kg
Packing	31.3*8.9*29.5cm
Function	Car tire nitrogen inflator Machine
Nitrogen Purity	95-99.6%
Working Temperature	-18°C-+40°C
Max Pressure	101-150 Psi
Input Pressure	0.7-1.0 MPA
Power	220V-240V/50-60HZ
Warranty	01 year
Brand	<b>EV PROTEC</b>
